

Certificate No: MNDE/REP/0008/03

Metalock Industrie Service GmbH
Gutenbergring 64
Norderstedt 22848
Germany

has been approved in accordance with the requirements of Lloyd's Register for the repair of specified components by metal stitching using the 'Metalock' process under the terms of the **Metalock International Association Member Scheme**.

Before any repair is undertaken, Lloyd's Register are to be informed and their agreement obtained.

This approval is subject to compliance with the requirements of Lloyds Register. Each repair must be undertaken to a written repair procedure that has been accepted by the attending Surveyor. All work is to be completed by fully trained and authorised personnel to the Surveyor's satisfaction.

The metal stitching process cannot be accepted for forgings or castings for pressure vessels, boilers, crankshafts, propellers or other components subject to cyclic loading. The acceptance of any repair as a permanent or temporary means would depend upon the merits of each case.

This Certificate is issued to the above contractor and is valid until the date given below.

Valid until: 01 January 2013
Date of issue: 16 March 2010

C D Waylen
Lead Specialist to Lloyd's Register EMEA
A member of the Lloyd's Register Group

Lloyd's Register, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as the 'Lloyd's Register Group'. The Lloyd's Register Group assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register Group entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
